Consultant Profile

Malin Classon is a Partner and Senior Recruitment Consultant at Finnveden Executive since 2024. She works with executive and specialist recruitment for both private companies and municipal organizations. With over 20 years of management and leadership experience, she has led and developed organizations and operations both operationally and strategically. Malin has driven strategic transformation processes and projects, built strong teams, and recruited key individuals to create successful organizations. She now leverages this experience to help companies find the leaders and specialists who best match their needs.
